

Get \$25 back
for you and a friend.

lively

Refer a friend and you'll both receive a \$25 credit

Do you know someone who would love a Jitterbug® cell phone or Lively™ medical alert? **Earn a one-time \$25 credit** on your monthly bill for every friend who activates a device based on your referral, and they will receive a \$25 credit on their new account, too!

How it Works:

1. Have your friends or family call **1.800.670.7240** to activate their new phone or device
2. Ask them to mention your name and your account number or phone number
3. Look for the \$25 credit on your monthly bill

Your referral must activate and maintain a new account with Lively for 60 days and be current in payment for you to receive the \$25 credit. Your account must also be current in payments to receive the credit. The credit cannot be refunded and has no cash value. You may refer up to 10 friends per year.
