Set up Alexa With Amazon Account Sign-In

Connection of your Amazon account to Alexa on your Lively Flip allows for personalized answers to questions like “Alexa, what is the weather forecast?” or “Alexa, what is the current time?” based on the location registered in your Amazon account.

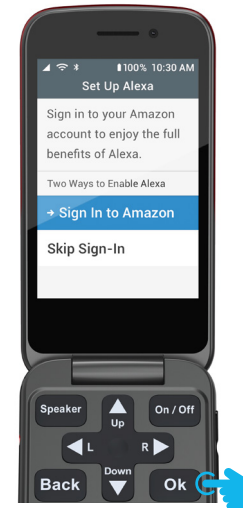

1
From the *Main Menu* screen, press the **Down** arrow until “Amazon Alexa” is highlighted. Press **Ok**.

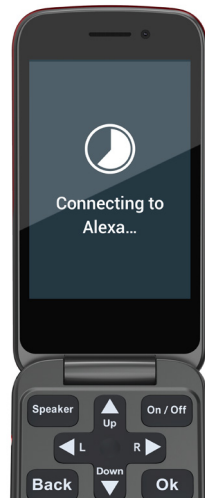

2
On the *Welcome to Alexa* screen, press the **Down** arrow to highlight “Set Up Alexa.” Press **Ok**.

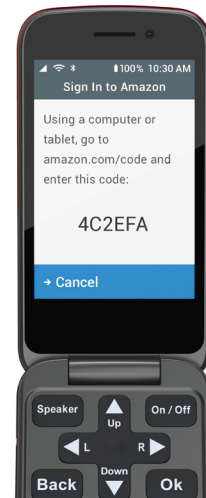

3
The *Set Up Alexa* screen displays with “Sign In to Amazon” highlighted. Press **Ok**.

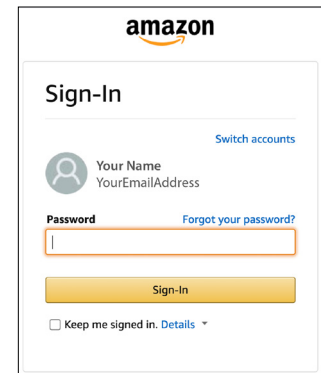

4
The *Connecting to Alexa...* transition screen displays.

5
The *Sign In to Amazon* screen displays with the code you will enter on a computer or tablet to connect your Amazon account to Alexa on your Lively Flip.

6
From your computer/tablet, go to www.amazon.com/us/code and sign into your Amazon account. If you do not have an Amazon account, you will need to create one.

If you selected the “Just Ask Alexa” setting, the **Main Menu** screen will display “Ask Alexa” in the list in place of “Amazon Alexa.”

If you selected the “Use From Menu” setting, the **Main Menu** screen will still display “Amazon Alexa” in the list.

If you'd like to use your voice to call, text and ask questions about your Lively Flip and GreatCall account, you will need to also set up the Lively skill.
